

RELEASE MOTHER NATURE CAMBODIA ACTIVISTS

WRITE

RIGHTS

AMNESTY
INTERNATIONAL

Dear Prime Minister of Cambodia:

Mother Nature Cambodia has courageously defended the Cambodian environment since 2013. But since 2016, the authorities have repeatedly targeted the group with arrests and prosecution, for nothing more than protecting the environment and exercising their right to freedom of expression. In June 2024, six members of the group were sentenced to between six and eight years in prison. One member fled Cambodia to continue their work, but the remaining five activists are enduring harsh conditions in prisons that are not compliant with international human rights standards.

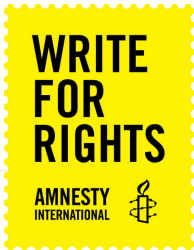

We call on you to immediately and unconditionally release the five detained activists and quash all convictions against Mother Nature Cambodia activists. Nobody should face prison simply for protecting the planet.

Yours sincerely,

ENSURE SAFETY OF GUERRERAS POR LA AMAZONÍA

Dear President of Ecuador:

The Guerreras por la Amazonía are fighting alongside the Union of People Affected by Texaco’s Oil Operations and the collective “Eliminen los Mecheros, Enciendan la Vida” (Remove the Flares, Ignite Life) to eliminate gas flares which are causing toxic fumes and environmental devastation in their communities. In 2021, a landmark ruling required the government to eliminate the use of gas flares, yet they continue to burn.

We are deeply concerned that the young defenders are facing stigma and violent intimidation. Rather than investigating the threats against them, the authorities told the group that they will only provide them with protection if they stop their activism. We demand that you uphold the ruling to eliminate gas flares and ensure the safety of climate defenders.

Yours sincerely,

INVESTIGATE THE KILLING OF JUAN LÓPEZ

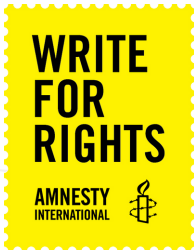

To the Attorney General of Honduras:

Juan López was a loving father and husband who tirelessly defended his local environment in northern Honduras from mining and energy projects which have threatened local rivers, forests and the Carlos Escaleras Mejía National Park. On 14 September 2024, he was shot dead in his car by a masked gunman as he left church.

We are writing to demand that you ensure a prompt, independent and impartial investigation into the killing of Juan López. All those suspected of being responsible for the crime must be brought to justice in fair trials, including those who ordered the murder.

Yours sincerely,

PROTECT THE HUMAN RIGHTS OF DISPLACED PEOPLE

AMNESTY
INTERNATIONAL

Dear Director General, Risk & Disaster Management, Madagascar:

In 2021, Damisoa and his family fled drought-stricken Androy due to drought-induced famines. In Boeny, the government resettled them at a site where farming is unviable and access to food, water and sanitation is regularly and severely hindered by fast-moving, crocodile-infested waters.

People displaced by famine and now living in Boeny, including Damisoa and his fellow residents, urgently need humanitarian assistance. But aid is currently almost exclusively concentrated in drought-stricken southern Madagascar. We are calling on you to take urgent steps to guarantee the human rights of people displaced and now living in Boeny and across Madagascar and urge you to actively seek the support of humanitarian agencies and other relevant actors to do this.

Yours sincerely,

PROTECT THE RIGHTS OF THE SÁMI PEOPLE

Dear Prime Minister of Norway:

Ellinor Guttorm Utsi is a Sámi Indigenous leader working tirelessly to protect her community’s ancient reindeer-herding way of life in northern Norway. In 2023, several hundred wind turbines were suddenly proposed directly on their summer grazing lands in Čorgaš, threatening to damage grazing land, break migration routes and destroy their culture. Despite fierce opposition, the authorities are rushing approvals.

We urge you to protect the rights of the Sámi reindeer-herding communities by ensuring that industrial wind-power projects that threaten their lands and way of life do not proceed without the free, prior and informed consent of the affected Sámi people.

Yours sincerely,

JUSTICE FOR THE DEATH OF UNECEBO MBOTENI

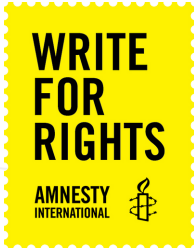

Dear Minister of Basic Education in South Africa:

We are writing to you to demand justice for Unecebo Mboteni. In April 2024, three-year-old Unecebo died after falling into a pit toilet at his pre-school in the Eastern Cape.

More than one year on and the family has had no word from the Little Champions Day Care Centre or the department about whether the pit toilet that Unecebo fell into has been removed. They were also told it could be years before the investigation is completed. We urge you to ensure the investigation into Unecebo’s death is expedited, the outcome made public, and that those responsible are held accountable.

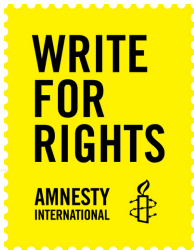

Yours sincerely,

DROP ALL CHARGES AGAINST SONIA DAHMANI

Your Excellency, the President of Tunisia:

Sonia Dahmani is a lawyer and media commentator who has dedicated her life to defending human rights. On 11 May 2024, security forces arrested Sonia. She was convicted and sentenced on unfounded charges of “spreading false news”, with additional politically motivated investigations still pending. Sonia was held in inhumane conditions and denied medical care, including essential medication, until her conditional release in November 2025.

I call on you to immediately drop all charges against Sonia Dahmani and end the harassment and intimidation against her.
